Section 4	First - Aid Measures						
	In case of swallowing, wash out mouth with water provided person is conscious. In case of skin contact, flush with copious amounts of water for at least 15 minutes. Remove contaminated clothing and shoes. In case of inhalation,						
	remove to fresh air. If breathing becomes difficult, call physician. In case of contact with eyes, wash with copious						
	amounts of water for at least 15 minutes. Assure adequate washing by separating the eyelids with fingers. In serious						
	conditions, call a physician, show the container or label.						
Section 5	Fire Fighting Measures						
	Extinguishing Media. Water spray. Carbon dioxide, dry chemical powder or appropriate foam. Special fire-fighting						
	procedures. Wear selfcontained breathing apparatus and protective clothing to prevent contact with skin and eyes.						
Section 6	Accidental Release Measures						
	Wear respirator, chemical safety goggles, rubber boots and heavy rubber gloves. Sweep up, place in a bag and hold for						
	waste disposal. Avoid raising dust. Ventilate area and wash spill site after material pickup is complete.
