Section 5 Fire Fighting Measures   5.1 Extinguishing media			restment needed				
Section 5 Fire Fighting Measures   5.1 Extinguishing media							
5.1 Extinguishing media							
	Section 5	Fire Fighting Measures					
		5.1 Extinguishing media					
Suitable extinguishing media		Suitable extinguishing media					
Use extinguishing measures that are appropriate to local circumstances and the surrounding			circumstances and the surrounding				
environment. Use water spray, alcohol-resistant foam, dry chemical or carbon dioxide.							
Unsuitable extinguishing media		Unsuitable extinguishing media					
5.2 Special hazards arising from the substance or mixture		5.2 Special hazards arising from the substance or mixture					
Nature of decomposition products unknown		Nature of decomposition products unknown					

	. 5.3	Precautions for fire-fighters		
		No data available		
	5.4	Further information		
Section 6	Wear self-contained breathing apparatus for firefighting if necessary.			
Section 0	Accidental Release Measures			
	6.1	Personal precautions, protective equipment and emergency procedures		
		Use personnel protective equipment. Wear disposable gloves, dust mask and eye		
		protection. Avoiddust formation. For personal protection see section 8.		
	6.2	Environmental precautions		
		Prevent further leakage or spillage if safe to do so. No special environmental precautions required.		
	6.3	Methods and materials for containment and cleaning up Keep in suitable, closed containers for disposal.		
	6.4	Reference to other sections		
	0.4	For disposal see Section 13.		
Section 7	Handling	and Storage		
	7.1	Precautions for safe handling		
		Avoid contact with skin and eyes. Avoid formation of dust and aerosols. Provide appropriate exhaust		
	7.2	ventilation at places where dust is formed. For precautions see section 2.2. Conditions for safe storage, including any incompatibilities		
	7.2			
		Store in cool place. Keep container tightly closed in a dry and well-ventilated place. Containers which are		
		opened must be carefully resealed and kept upright to prevent leakage.		
		Recommended Storage Temperature : On receipt store between 2-8 °C		
	7.3	Specific end uses		
		Apart from the uses mentioned in section 1.2 no other specific uses are stipulated.		
Section 8	Exposuro (	Controls / Personal Protection		
Section 8				
	8.1	Control parameters		
	8.2	Components with workplace control parameters		
	0.2	Exposure controls		
		Appropriate engineering controls Handle in accordance to general industrial hygiene and safety practice. Wash hands		
		before breaksand immediately after handling the products.		
		Personal protective equipment		
		Hygiene measures		
		Avoid contact with skin, eyes and clothing. Immediately change contaminated clothing.		
		Eye/face protection		
		Safety glasses with side-shields conforming to EN 166 Use equipment for eye protection tested and approved under appropriate government standards such as NIOSH (US) or EN 166 (EU).		
		Skin protection		
		The selected protective gloves have to satisfy the specifications of EU Directive 89/686/EEC and the		
		standard EN 374 derived from it. Handle with gloves. Gloves must be inspected prior to use. Use		
		proper glove removal technique (without touching glove's outer surface) to avoid skin contact withthis		
		product. Dispose contaminated gloves after use in accordance with applicable laws and good		
		laboratory practices. Wash and dry hands.		
		Body protection		
		Impervious clothing The type of protective equipment must be selected according to the concentration and amount of the dangerous substance at the specific workplace.		
	1	concentration and amount of the damperous substance at the specific workplace.		

Section 9	Physical and Chemical Properties				
	9.1 Information on basic physical and chemical pr	operties			
	Appearance	Yellow to pale yellow colored clear solution			
	Odour	No data available			
	Odour Threshold	No data available			
	рН	No data available			
	Melting/freezing point	No data available			
	Initial boiling point and boiling range	No data available			
	Flash point	No data available			
	Upper/lower flammability or explosive limits	No data available			
	Evaporation rate	No data available			
	Flammability (Solid, gas)	No data available			
	Vapour pressure	No data available			
	Relative density	No data available			
	Partition coefficient: n-octanol/water	No data available			
	Autoignition Temperature	No data available No data available			
	Decomposition Temperature				
	Viscosity	No data available			
	Explosive properties	No data available No data available			
	Oxidizing properties				
	Vapour density	No data available			
	Thermal decomposition	No data available			
	9.2 Other safety information No data available				
Section 10	Stability and Reactivity				
	10.1 Reactivity				
	No data available				
	<b>10.2 Chemical stability</b> Stable under recommended storage conditions.				
	10.3 Possibility of hazardous reactions				
	No data available				
	10.4 Conditions to avoid				
	No data available				
	10.5 Incompatible materials				
	No data available 10.6 Hazardous decomposition products				
	None under normal use conditions. Other decomposition products. No data available.				
	In event of fire – refer section 5				

Section 11	Toxicological Information	
	11.1	Information on toxicological effects
		Acute toxicity
		No data available
		Skin corrosion/irritation
		No data available
		Serious eye damage/eye irritation
		No data available
		Respiratory or skin sensitisation
		No data available
		Germ cell mutagenicity
		No data available
		Carcinogenicity
		IARC: No component of this product present at levels greater than or equal to 0.1% is identified as
		probable, possible or confirmed human carcinogen by IARC.
		Reproductive toxicity
		No data available
		Specific target organ toxicity- single exposure
		No data available
		Specific target organ toxicity - repeated exposure
		No data available
		Aspiration hazard
		No data available
Section 12	Ecologic	cal Information
	12.1	Toxicity
		No data available
	12.2	Persistence and degradability
		No data available
	12.3	Bioaccumulative potential
		No data available
	12.4	Mobility in soil
		No data available
	12.5	PBT and vPvB assessment
		PBT and vPVB assessment not available Chemical safety assessment is not required
	12.6	Other adverse effects
		No data available

Section 13	Disposa	I Considerations
	13	.1 Waste treatments methods
		Product
		Offer surplus and non-recyclable solutions to a licenced disposal company. Dispose off waste in
		accordance with all applicable Federal, state and local laws.
	13	
		Dispose in accordance with all applicable federal, state, and local environmental regulations.

14.1   UN-No     ADNR : ADR : IATA_C : IATA_P : IMDG : RID :     14.2   UN proper shipping name     ADNR : Not dangerous goods
14.2 UN proper shipping name
