Fire Fighting Measures		
 5.1 Extinguishing media Suitable extinguishing media Water, Foam, Alcohol resistant foam, ABC-powder Unsuitable extinguishing media Water jet 5.2 Special hazards arising from the substance or mixture No data available 5.3 Precautions for fire-fighters In case of fire and/or explosion do not breathe fumes. Co-ordinate firefighting measures to the fire 		
surroundings. Do not allow firefighting water to enter drains or water courses. Collect contaminated firefighting water separately. Fight fire with normal precautions from a reasonable distance.		
Accidental Release Measures		
6.1 Personal precautions, protective equipment and emergency procedures For non-emergency personnel Remove persons to safety. For emergency responders Wear breathing apparatus if exposed to vapours/dust/spray/gases		
6.2 Environmental precautions Keep away from drains, surface and ground water. Retain contaminated washing water and dispose of it.		
6.3 Methods and materials for containment and cleaning up Advice on how to contain a spill Covering of drains, Take up mechanically Advice on how to clean up a spill Take up mechanically Other information relating to spills and releases. Handling and Storage		
 7.1 Precautions for safe handling Recommendations Measures to prevent fire as well as aerosol and dust generation. Use local and general ventilation. Use only in well-ventilated areas. Ground/bond container and receiving equipment. Specific notes/details Dust deposits may accumulate on all deposition surfaces in a technical room. The product in the delivered form is not dust explosion capable; the enrichment of fine dust however leads to the danger of dust explosion. Advice on general occupational hygiene Wash hands after use. Do not eat, drink and smoke in work areas. Remove contaminated clothing and protective equipment before entering eating areas. Never keep food or drink in the vicinity of chemicals. Never place chemicals in containers that are normally used for food or drink. Keep away from food, drink and animal feeding stuffs. 7.2 Conditions for safe storage, including any incompatibilities Managing of associated risks Explosive atmospheres
