Ground/bond container and receiving equipment. <i>Specific notes/details</i> Dust deposits may accumulate on all deposition surfaces in a technical room. The product in the delivered form is not dust explosion capable; the enrichment of fine dust however leads to the danger of dust explosion. <i>Advice on general occupational hygiene</i> Wash hands after use. Do not eat, drink and smoke in work areas. Remove contaminated clothing and protective equipment before entering eating areas. Never keep food or drink in the vicinity of chemicals. Never place chemicals in containers that are normally used for food or drink. Keep away from food, drink and animal feeding stuffs.</p> <p>7.2 Conditions for safe storage, including any incompatibilities <i>Managing of associated risks</i> Explosive atmospheres</p>
